Dear Mr. Weisberg,
I would like to order
your excellently researched
books 1) White Wash: The Report
on the Warren Report. 2) White
Wash II: The FBI - Secret Service
Coverup 3) Photographic whitewash:
Suppressed Kennedy Assassination
Pictures. 4) Oswald in New
Orleans: Case for Conspiracy
with the CIA 5) White Wash
IV: JFK Top Secret Assassination
Transcript 6) Post Mortem: JFK
Assassination Coverup Smashed.
I enjoyed your "Selections from
White Wash" and your Critique
of Posner's myopic "Case Closed"
in "Case Open". I have studied
the J.F.K. assassination for about
20 years. I agree with you and
the late Jim Garrison about the conspiracy
and coverup of JFK's death. It is
amazing that after 33 years the
Government and major media
outlets still try to foist

The Warren Commission fiction on US. Your work and research is greatly appreciated. Please let me know the costs of your published materials and I will purchase them as my limited funds permit.

P.S. Have you done any critique work of Jim Moore's lame

book "Conspiracy of One" He, like Posner, is

a Warren Commission phone (972) 239-9012 lackey. Please send me some information about

him. I have also talked to a deaf mute named Ed. Hoffman - the only surviving witness to see the gunmen behind the picket fence on the grassy knoll. I'm sure you have heard of him. I am a hospital Chaplain and he was in the hospital 2 years ago. I recognized him from a JFK Conspiracy documentary and I talked with him. His story of what he saw is amazing and downright bone chilling.

Dear Mr. Baker,

Enclosed is the list of the books I published. In addition to what you say you have Carroll & Graf published NEVER AGAIN! last year.

Jim Moore should not be taken seriously. From youth he has been an attention-seeker and his effort with the JFK assassination is childish.

I have done very little interviewing. I've stuck pretty close to the available official evidence. This includes suing the government to make it available. So while I know about Hoffman I've not interviewed him. Besides, having been broke and in debt most of the time, travel presented problems. I ~~was~~ once spent two weeks working in New Orleans and in that time had four real meals, to which I was treated.

You can dismiss Moore by ridiculing him, as over his claim that he got permission to take the new floor up and found the marks made by the cardboard boxes ^{of} which the imagined sniper's lair was made.

You will find in my books that conspiracy does not exist as a theory. It is the actual proof of the misrepresented official evidence.

It is more than 30 years since the first of the Whitewash series appeared. In all that time not a single one of those of whom I have been critical has written or phoned to complain of having been treated unfairly or inaccurately.

One of the advantages of sticking to the official evidence.

Thanks for your good wishes,

Harold Weisberg
